

## Anatomy: Here is the plan for the week so we can stay on track.

### CASE 1: No snow days.

#### Monday:

- Due: Worksheet
- Class: Sheep brain observation
- HW: finish sheep brain; L/R brain survey

#### Tuesday:

- Due: sheep brain lab and survey
- Class:
  - Go over survey
  - Autonomic Nervous System notes
  - Fun Brain Stuff—activities
- Homework: None

#### Wednesday:

- Class: Aging, development, diseases notes
- Homework: worksheet

#### Thursday

- Due: worksheet
- Class: Review sheet
- Homework: Review if not done

#### Friday

- Due: Review sheet
- Class: Review game
- Homework: Study for test (Monday).

*Test Monday (sorry!)*

### CASE 2: Tues. is a snow day.

#### Monday:

- Due: Worksheet
- Class: Sheep brain observation
- HW: finish sheep brain; L/R brain survey

#### Tuesday- snow day:

- Make sure to finish sheep brain and left/right brain survey
- At home: take notes on the Autonomic Nervous System from my site. Look at the “fun brain things” PowerPoint.

#### Wednesday:

- Due: sheep brain, left/right survey, notes on ANS
- Class:
  - Review ANS notes that you took
  - Do notes on aging, development, and disease
- Homework: worksheet

#### Thursday

- Due: worksheet
- Class: Review sheet
- Homework: Review if not done

#### Friday

- Due: Review sheet
- Class: Review game
- Homework: Study for test (Monday).

*Test Monday (sorry!)*

### CASE 3: Tues. & Wed. are both snow days.

#### Monday:

- Due: Worksheet
- Class: Sheep brain observation
- HW: finish sheep brain; L/R brain survey

#### Tuesday- snow day:

- Make sure to finish sheep brain and left/right brain survey
- At home: take notes on the Autonomic Nervous System from my site. Look at the “fun brain things” PowerPoint.

#### Wednesday- snow day:

- Make sure to finish sheep brain, L/R brain survey, ANS notes, and look at fun brain stuff
- At home: do notes on aging, development, and disease from my site
- Homework: worksheet. This will be graded on COMPLETION due to missing so much time. However, I expect you to put in your best effort (otherwise you are cheating yourself/your learning) and still see me if you have questions.

#### Thursday

- Due: Sheep brain lab, L/R brain survey, ANS notes, aging notes, worksheet
- Class: Review everything that’s due; work on review sheet
- Homework: Review if not done

#### Friday

- Due: Review sheet
- Class: Review game
- Homework: Study for test (Monday).

*Test Monday (sorry!)*

## How to access the notes:

1. Go to my site, [www.fhsmisb.weebly.com](http://www.fhsmisb.weebly.com)
2. On the home page, click “A&P PowerPoints and Assignments” under “quick links.” This will take you to Dropbox.
3. If it asks you to create an account, you can click “No thanks, continue to view” at the bottom.
4. Click the folder called “0-Semester 2.” Next, click the folder called “1- Nervous II.” Note that copies of all of the worksheets are at the top and the PowerPoints are at the bottom. You are interested in PowerPoints 6, 7, and 8 (depending on the amount of snow days).
5. If you have...
  - a. **Tech issues** with accessing things (can’t open the file format, broken link, etc.), contact me ASAP. Either send me a message via Remind, text me, or call me (608-822-5626). If you text, tell me who you are first please 😊. If you message via Remind, it comes up with your name, so I already know who you are.
  - b. **Issues understanding a concept**, make sure to come see me or Mrs. Winger before class! I am more than willing to work with you and help you understand what’s going on.
6. Note that if you are missing any of the worksheets, note that you can always print them from Dropbox. Just go to the proper unit and find the corresponding folder or PowerPoint. Slick! 😊

asses!
